

## Self-Entrepreneurship for Sustainable Livelihood!!!

Earning of Livelihood is always far better than living on a charity. Pahichan Nepal always support those persons with disability, who is keen to develop themselves and live an independent lives.

We create a platform for person with disability through the various trainings like; making toilet cleaner, Liquid soap, incense, key rings, soft dolls and woolen mufflers where the training was facilitated by visually impaired person.

Pahichan believes that it will also be the motivation for other person with disability who has tied up themselves within their boundaries. We will help those people to flutter and set themselves free from their threshold.
